CORPORATE RESPONSIBILITY

We define corporate responsibility (CR) as the way we do business, working to increase our positive impact and reduce any negative effects of conducting our operations. It ensures good management of risks and opportunities, helps us attract and retain the best people and strengthens our corporate reputation. It means performing to the highest commercial and ethical standards and channelling our knowledge and strengths, as global leaders in our industries, to make a difference to society.

CR **REPORT**

SDG **RESOURCE CENTRE** 

hello

BEING **A RESPONSIBLE BUSINESS**

We concentrate on the contributions we make as a business and on good management of the material areas that affect all companies:

Our unique contributions →

Governance →

People →

Customers →

Community →

Supply Chain →

Environment →

ENGAGING **OTHERS**

We survey key stakeholders - shareholders, employees, governments, and the communities where we operate, to help us identify our material CR issues and to set and test our CR objectives.

RELX **ENVIRONMENTAL CHALLENGE** →

Each year the RELX Environmental Challenge is awarded to projects that best demonstrate how they can provide improved and sustainable access to water or sanitation where it is presently at risk.

There is a \$50,000 prize for the first place entry and a \$25,000 prize for the second place entry. The winners also receive free access for one year to ScienceDirect, our Scientific, Technical & Medical business' database of full text, scientific information.
