## **GAM LAUNCHES NEW SUSTAINABLE CLIMATE BOND STRATEGY INVESTING IN BONDS SUPPORTING ENVIRONMENTAL TRANSITION**

Tuesday, September 7, 2021

GAM Investments today announced the launch of a new sustainable climate bond strategy, allocating to green and sustainability bonds with positive environmental impact, issued by the European financial sector. The strategy is the second to be launched this year, building the firm's sustainable product range.

# OUR THINKING

## **GAM INVESTMENT ACADEMY**

At GAM Investments we believe our job is to not only help clients achieve their investment goals, but to have a better understanding of the investment environment. As we attempt to meet these aims, we are constantly challenging ourselves to dig deeper and seek new ideas to make a difference and consider how best to communicate them.

INVESTMENT OPINIONS

## **THE NEXT GENERATION: WHAT WILL “GENERATION ALPHA” LOOK LIKE?**

02 March 2022

Set to be the largest generation ever, Gen Alpha will also be the generation with the largest spending power yet. GAM Investments’ Swetha Ramachandran looks at how this more digital, more sustainable generation could influence consumption in the luxury sector.

### **INVESTMENT OPINIONS**

## **THE DRIVE TO DEMOCRATISE PRIVATE MARKET ACCESS**

24 February 2022

Private markets may offer something different and complementary to publicly listed companies. Christian Munafo, CIO of Liberty Street Advisors, says companies are staying privately owned for longer and outlines some of the opportunities for growth in these assets.

**Our Thinking →**

“

Having grown up in Latin America, I knew that I wanted to remain engaged in the economic, political and social issues affecting emerging markets and being a fixed income investor enables me to do that. Emerging markets offer such a fascinating, diverse investment opportunity set. There's never a dull moment.

— Denise Prime, Investment Director
