CLEAN(ER) LABEL (/EN/ABOUT-PURATOS/OUR-COMMITMENTS/CLEANER-LABEL)

Consumers want to know the composition of their food. Therefore, they pay more attention to the product label. Consumers prefer short, clean and clear labels, with mainly natural ingredients and ingredient names that they know or understand.

CACAO TRACE - OUR SUSTAINABILITY COMMITMENT TO YOU AND FUTURE GENERATIONS (/EN/ABOUT-PURATOS/OUR-COMMITMENTS/CACAO-TRACE---OUR-SUSTAINABILITY-COMMITMENT-TO-YOU-AND-FUTURE-GE)

Cacao-Trace, our sustainable cocoa program, aims to create value for everyone - from producer to consumer - through improved taste. Our chocolate is obtained from the highest quality beans, fermented and dried according to strict rules. In our post-harvest centres very close to the cocoa plantations, our specialists monitor the fermentation process and improve it. This ensures both uniformly excellent taste for chocolate lovers and better income for growers in the five countries where the program is currently present: Ivory Coast, Mexico, Papua New Guinea, Philippines and Vietnam.
