At the Children's Place, 'family' is at the center of all that we do. As a company focused on children's product, we believe it is important that our business contribute to a healthy planet and equitable society for the benefit of future generations. Having a positive impact begins by supporting Environment, Social and Governance (ESG) practices so we are committed to the following goals:

- **ENVIRONMENT:** We seek to positively impact the communities and environments affected by our business.
- **SOCIAL:** We invest in our associates, support the people who make our product and give back through philanthropic activities.
- **GOVERNANCE:** We maintain a governance framework that aligns with market best practices and shareholder expectations
