

## Corporate Social Responsibility

Image credit: Greg Sullivan, Canon employee

At the heart of Canon is a corporate culture dedicated to contributing to society through its business operations. Through diversification and globalisation, we excel in the areas of advanced technologies, global business deployment, and diverse specialised human resources.

Capitalising on these strengths with the aim of contributing to the betterment of society as a good corporate citizen, we established the Canon Group CSR Activity Policy in January 2012. As part of this policy, we define five areas of priority, or 'key activities', for the Canon Group to address.

Following the CSR Activity Policy ensures that the entire Canon Group shares a core set of values while pursuing CSR activities specifically tailored to individual countries and regions. Our goal is to create a corporate group that grows together with society.

### Canon Group CSR Activity Policy

~ Contributing to the Realization of a Better Society as a Good Corporate Citizen ~

The Canon Group,  
recognizing that its corporate activities are  
supported by the development of society as a whole,  
aims to achieve growth through sound and fair business activities  
while contributing to the realization of a better society as  
a good corporate citizen.

Therefore, Canon will promote its CSR activities within  
the international and local communities,  
effectively leveraging the company's  
advanced technological strengths, global business deployment,  
and diverse, specialized human resources.

#### Key Activities

- Contribute to cultural improvement; support the arts, science, sports, etc.
- Provide humanitarian support to people and regions facing harsh conditions due to disasters, etc.
- Contribute to the promotion of both enriched lifestyles and the global environment
- Contribute to society through business activities
- Contribute to the realization of a sound and fair society

**Whistleblowing Hotline:**

You may use either of the following two methods to submit a report:

[File a report online.](#)

Or:

Call the Whistleblower Hotline:

**Aust:** 1800 339 276

**NZ:** 0800 447 737

Primary language: English.

After you complete your report you will be assigned a unique code called a "report key." Write down your report key and password and keep them in a safe place. After 5 - 6 business days, use your report key and password to check your report for feedback or questions.

**Reconciliation Action Plan (RAP):**

At Canon, our corporate philosophy is *Kyosei* – living and working together for the common good. Introduced in 1988, this philosophy clarifies Canon's stance on partnerships formed with stakeholders in the region and defines how we, as an organisation, interact with our stakeholders, including the Traditional Custodians of the Land upon which we operate here in Australia.

Kyosei envisions the achievement of a sustainable society in which all people regardless of race, religion or culture, live harmoniously and respectfully to work together into the future. It is through alignment of the Kyosei philosophy with that of Reconciliation Australia that Canon Australia has decided to commit to a Reconciliation Action Plan.
