Multi-Factor Authentication
As of 18 May 2023, the online Modern Slavery Statements Register requires multi-factor authentication to log into your account. Any existing accounts (created on or before 18 May 2023) have been emailed instructions explaining the steps required. If you have any queries, please contact our help desk via the ‘Help and Feedback’ page or email support@modernslaveryregister.gov.au.

The publication of modern slavery statements (statements) on this Register does not indicate compliance with the requirements of the Modern Slavery Act 2018 (the Act). Pursuant to section 19(2) of the Act, the Attorney-General’s Department publishes all statements properly submitted to this Register, including compliant and non-compliant statements, in order to maximise transparency and ensure entities are publicly accountable for their actions to address modern slavery risks. Statements that fail to meet the requirements for approval and signature set out in sections 13(2) or 14(2) of the Act will not be registered.
