About Jack Wolfskin
We are at home outdoors. There's nowhere we'd rather be. The vastness attracts us, time sustains us. We are on a quest for experiences, not peak performance. We are guided by our passion to develop exceptional products, and driven by new ideas. We are fully committed to functionality. Our products are designed to protect, keep you warm and dry, whilst being comfortable and reliable and lasting for many years. No detail is too small for us to improve upon. We respect the diversity of nature and all living things. Our earth is simply the most beautiful place in the universe and we only have this one. We do everything we can to protect it and we want to experience it and share it with others.
