First oil for Clair Ridge

What does it take to build two platforms in the monster waves and sharp winds found west of Shetland? Meet some of the people behind one of the biggest, and most challenging, UK start-ups in more than a decade

[Find out more](#)

The LNG giants →

Big and powerful while also leaner and greener, BP's new LNG ships are setting sail. Watch as the fleet takes shape and read more about the emissions-cutting technology on board

Mars landing →

The Mars Insight probe might be millions of miles away but you can find the expertise behind its lubricants much closer to home. Find out about Castrol's space-age know how

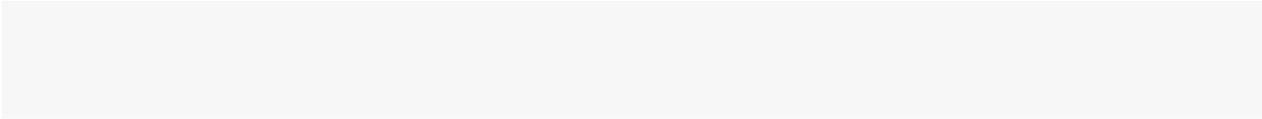

A year in the sun →

'The BP partnership has given our whole team confidence.' Discover how the largest solar developer in Europe went global in just 12 months

Forging our own destiny

Venturing plays a key role in BP's strategy to tackle the dual challenge of meeting the world's need for more energy, while at the same time reducing carbon emissions. We are investing in high growth, game-changing technologies; accelerating innovation by growing and connecting new energy businesses
