BREAKING NEW DIMENSIONS

The CHIRON is the fastest, most powerful, and exclusive production super sports car in BUGATTI’s history. Its sophisticated design, innovative technology, and iconic, performance-oriented form make it a unique masterpiece of art, form and technique, that pushes boundaries beyond imagination.

BUGATTI owes its distinctive character to a family of artists and engineers, and has always strived to offer the extraordinary, the unrivalled, the best. Every element of the CHIRON is a combination of reminiscence to its history and the most innovative technology. The result is a unique creation of enduring value, and breathtaking automotive accomplishment.
TRUE LUXURY: AN INNER VALUE

Mirroring the CHIRON’s exterior signature line, the LED illumination in the distinctive C-line form separates the two seats, and reveals the stunning functional beauty of the interior. The cockpit layout of the CHIRON gives the pilot all the necessary information within his range of vision. Proudly displaying the magic 500 km/h mark, the mechanical speedometer is a feast for the eyes. On the central console, milled from a single piece of solid aluminum, each unit has independent, adjustable displays.
Fuel consumption, l/100km: 35.2 in urban areas / 15.2 in extra urban areas / 22.5 combined; combined CO2 emissions g/km: 516; efficiency class: G
