

We use cookies

This website uses different types of cookies, some of which are strictly necessary to provide the service and others of which you can accept or refuse:

- **Technical cookies:** they are used to provide the requested service. Without them some operations would be inaccessible or less secure.
- **Analytics cookies:** they are used both to collect aggregate and strictly anonymous information on the number of users who visit our website and to optimize it.

You will find the details and characteristics of all cookies by viewing the [extended information](#) provided by Art. 13 of EU Regulation 2016/679

In addition to the above, you can still set your browser to automatically refuse the reception of cookies by activating the appropriate option: the non-use of technical cookies, however, could lead to difficulties in interacting with this site.
