BT software-defined network puts FCA on the road to a smart future

BT has announced it is to deploy new software defined wide area network (SD-WAN) for Fiat Chrysler Automobiles (FCA) in Europe.

BT teams up with UK quantum tech start-ups to trial world's most secure fixed-mobile network infrastructure for 5G and connected cars

The trial, which will run for 36 months, is funded with £7.7M by the Quantum Technologies Challenge, led by UK Research and Innovation.

BT Group hits 100% renewable electricity milestone worldwide and helps 5.7 million people in the UK with Top Tips on Tech campaign

Switching to 100% renewable electricity globally underpins BT's commitment to build back better - creating a more resilient, low carbon society.
