

The Modern Slavery Act 2015 contemplates that certain commercial organisations will prepare an annual slavery and human trafficking statement and either publish it on their website if they have one or provide it to the public on request. The slavery and human trafficking statement either: (i) describes the steps the organisation has taken during the financial year to confirm that slavery and human trafficking are not taking place in its supply chains or its own business; or (ii) confirms that the organisation has taken no such steps.
