Going where no SaaS has gone before. See how Apollo is powering Cloud 2.0.

Foundational Software of Tomorrow. Delivered Today.™

We build software that empowers organizations to effectively integrate their data, decisions, and operations.

Generating Alpha Amidst Continuous Disruption

Get Started
We are entering an era of continuous disruption.

In this context, Palantir recognizes our customers’ existential need to utilize software to generate competitive advantage — or, alpha. Everyone else will find themselves in a perpetual game of catchup.

We've advanced beyond incremental efficiencies to bring intelligence to the core of everything that matters most to your enterprise.
